FORT POINT • BOSTON

SPRING open Studios

May 9-11, 2014

Friday May 9, 4-7pm
Saturday & Sunday May 10 & 11, 12-5pm
Welcome to the Fort Point Arts Community’s 14th Annual Spring Open Studios

FPAC represents one of the largest and oldest communities of artists in New England, in a neighborhood that houses over 300 artists. Twice each year we open our studios to share the creative spirit of this unique community.

Check our website for our year-round programming and special events: www.fortpointarts.org.

Mark your calendars for our big event of the year: our 35th Annual Fort Point Open Studios takes place October 17-19, 2014 with more than 150 studios open.

The Fort Point Arts Community, Inc. of South Boston (FPAC) is a non-profit community organization founded in 1980 and run by neighborhood artists and volunteers. Our mission is to promote the work of our artists to a broad and diverse audience; to preserve the artists' community in Fort Point area; to maintain and expand access to affordable studio space; and to increase the visibility of the arts in Fort Point.

Fort Point artists generate art all year round, present two Open Studios events annually, advocate for the development and preservation of permanent studio space, organize art lending programs, run galleries and a store, create temporary public art, and actively participate in decisions that affect our neighborhood. We encourage new ideas, collaboration, connections, and economic growth.

THANK YOU to the City of Boston: Mayor Martin J. Walsh, The Mayor's Office of Arts, Tourism and Special Events, The Boston Redevelopment Authority, and The Boston Art Commission and Karin Goodfellow for ongoing support and assistance.

I WANDERED
Kate Gilbert & Karen Stein

I WANDERED celebrates the joyous arrival of spring and invites you to explore the Fort Point through poetry. Large graphic daffodils and select phrases from “I Wandered Lonely As a Cloud,” William Wordsworth’s 1807 poem about discovering a “host of dancing daffodils,” can be found in five different spots around the neighborhood—encouraging us to consider “the sparkling waves of glee,” to closely observe our geography and place, and to reconnect with the lost art of meditative walking.

Locations: Harborwalk at Congress St. (Fort Point side) and multiple locations around Fort Point. May 8-June 8, 2014

SILVER LINING
Elisa H. Hamilton

Silver Lining is an inclusive exploration of our relationship with hope that invites the public to engage in the brilliance of possibility. All are invited to literally “take what they need” in this optimistic intervention that challenges participants to see the good in the world that surrounds us.

Location: Summer St. Bridge over Fort Point Channel. May 9th 4-7pm, May 10th and 11th, 12-5pm

TROPICAL FORT POINT
Peter Agoos

Tropical Fort Point is an installation of floating palm trees in Fort Point Channel. Inspired by the struggle for quality public open space in the neighborhood and the likelihood of climate change-induced rising sea levels, this tongue-in-cheek preview of the effect of rising tides stakes a claim to the Channel wetscape as an unexploited green space.

Location: in the Fort Point Channel basin between Congress and Summer Streets. April 28 – June 15
